CUSTOMER HAS INTERNAL TRAINER?

For a reduced price per operator, internal trainers can utilize the online safety course in their operations.

WHY?

- It is not efficient for a trainer to hold a class for operators at their location. Their time is important.
- Experience the same long wait times for hands-on driving as traditional classroom training.

WHAT'S INCLUDED?

- Access to online course.
- Single coupon code to sign up operators.
- Access to personalized web dashboard to track course progress and issue certificates.
- Issue certificates digitally and immediately.

ONLINE TRAINING HOW TO:

SALES ORDER PROCESS:

ISSUE A COMPANY-SPECIFIC CODE

Lift Operator Training offers customers a single code with multiple uses for operators to use while signing up for the online course at www.liftoptraining.com. This code is unique to each organization.

Example: Menasha Packaging has 10 operators that need to go through the online course. Lift Operator Training will issue a single code "Menasha" that will have 10 uses. This code can be distributed to each operator and used at checkout by clicking the redeem coupon button. No company credit card or PayPal information is needed. Menasha will be invoiced directly by the Partner (HUL).

Refills:

At any time, Menasha can contact you or Lift Operator Training and request more uses/spots on their unique code. Lift Operator Training will add the desired amount to the SAME code (Menasha). The customer does not receive a different code.

The Partner (Herc-U-Lift) invoices the customer (Menasha) directly for all code uses.

HOW TO REQUEST A COMPANY-SPECIFIC CODE

Please send an email with either a signed order or a request for online training to tom.showalter@liftoptraining.com.

Include:

- Communicate if it is for normal online training or for a customer's internal trainers.
- Name of the company
- Number of Operators / Uses on the code.

Lift Operator Training will create a code and email you, the salesperson, the code details. Please email these details to your customer as confirmation.

Lift Operator Training will invoice the Partner for the codes requested. The partner will invoice the customer directly.
